(914) 925-5959

24/7 Telephone Coverage

Mobile Response Monday-Friday 9 a.m.— 6 p.m.

Who We Are

The Crisis Prevention and Response Team (CPRT) is an interdisciplinary mobile team of mental health professionals (social workers, a child and family specialist and a psychiatrist). The CPRT responds to people in the community, usually visiting them at home, although they can be seen elsewhere as well. The team has offices at Saint Joseph's Medical Center in Yonkers and at St. Vincent's Hospital in Harrison.

Who We Serve

The CPRT serves any person in Westchester who is experiencing, or is at risk of, a psychological crisis, and who requires mental health intervention. Links to other community resources and to follow up support are provided as well. The CPRT is usually called by individuals, family members, neighbors, friends, landlords, clergy, school personnel, police or other person(s) concerned about an individual.

What We Do

CPRT staff provide a range of services including assessment, crisis intervention, supportive counseling, information and referrals, linkage with appropriate community based mental health services for ongoing treatment, and follow up. The Team's goal is to help people avoid crises and to prevent visits to emergency rooms.
