**A REVISIONIST APPROACH TO SUBSTANCE ABUSE  
TREATMENT:  
ADDICTION AS A SYMPTOM**

**FRIDAY, OCTOBER 13, 2017**

**noon to 2:00 p.m.\***

**in the Little Theatre at Scarsdale High School,  
Brewster Road, Scarsdale, NY 10583**

**Presented by: Ross Fishman, Ph.D.**

Many of my colleagues who do not treat or care to treat substance abuse have patients who may have substance use issues, but they usually are not the focus of treatment. Many of them also may be impacted by the substance use of significant others in their lives. I would want to inquire from the audience why they choose not to work with substance issues. Many of them may underestimate their ability to do so. I would also want to address how our treatment clinic collaborates with private therapists.

Dr. Fishman is currently President and Co-Founder of Innovative Health Systems (an outpatient substance abuse disorders clinic). He is the Holder of an APA Certificate of Proficiency in the Treatment of Alcoholism and Other Psychoactive Substances. Dr. Fishman was an Adjunct Associate Professor of Psychology at Queens College, CUNY and Director of Education and Training for the National Council on Alcoholism. He is the author of Alcohol and Alcoholism.
